SÜDTIROL • ALTO ADIGE

VERNATSCH ALTE REBEN INDIGENOUS SELECTION

Vernatsch (Schiava) is probably the most famous autochthonous grape variety in South Tyrol. The typical fruity and aromatic red wine is made of grapes with unusual large-sized berries.

Name: As the name suggests, the grapes come from older vines that are partially over 80-years-old.

Label: It shows a combination of its place of origin and a bottle. The vineyards for this Vernatsch are located in special sites of Breitbach, a smaller part of the village Cortaccia. There can be found impressive large cypresses in the middle of the vineyard.

Alto Adige DOC

Selected vineyards in the Bassa Atesina region

Guyot

Limestone gravel soils

Manual harvest, maceration in stainless steel for 10-14 days, maturation on the yeast for 6 months

Aperitif, bacon, cold cuts, starters, pasta dishes, roasted meat

Bright garnet red colour, fruity notes of red berries, delicate structure fresh, aromatic finish
